Foreword 前言

The government of the Republic of China has established the Taiwan Academy overseas in order to promote worldwide interest in Taiwan's Chinese culture. Showcasing the essence of Taiwanese culture and its "soft power", the Taiwan Academy activates as an important medium through which Taiwan can increase its presence on the international stage and serve as a platform to facilitate a better understanding of Taiwan through her culture among the international community.

In order to help promote Taiwan's academic research, the Center for Chinese Studies (CCS) and National Central Library (NCL) have published this booklet introducing the "Taiwan Academy", the "Taiwan Resource Center for Chinese Studies (TRCCS)" and the Academia Sinica Digital Center's "Digital Taiwan: Culture & Nature project" (originally the Taiwan e-Learning and Digital Archives Program run by the National Science Council, the Ministry of Science and Technology's predecessor). This booklet also lists 88 of Taiwan's most significant Taiwan studies and Sinological research websites and databases, each of which has been carefully chosen, categorized, and briefly introduced in English.

To complete this rich and comprehensive guide for foreign scholars to Taiwan's research resources, at the back of the booklet there is a bilingual website index and information about the Taiwan Fellowship & Scholarships (TFAS).

中華民國政府為了向世界推廣「具有臺灣特色的中華文化」，在海外成立「臺灣書院」，以展現我國的文化內涵及軟實力，作為臺灣走向國際的重要媒介，亦為國際社會從文化認識臺灣的平臺。

為展現臺灣學術研究成果，國家圖書館漢學研究中心特編印本書，以介紹「臺灣書院」、「臺灣漢學資源中心」、中央研究院數位文化中心「典藏臺灣」（原國科會「數位典藏與數位學習成果入口網」），並精選 88 個臺灣「臺灣研究及漢學研究」代表性網站及資料庫，分類編排，以英文做簡要介紹，書後並附中英文網站名稱索引，以及臺灣獎助學金簡表，俾提供國外學者豐富完善的研究資源。

Taiwan is a major center of Chinese culture. Of the many Chinese-speaking regions, Taiwan has best preserved and developed such elements as Confucian studies, Buddhism, Chan Buddhism, literature, architecture, handicrafts, and traditional customs. To accompany the founding of the Taiwan Academy, the virtual Taiwan Academy, a platform highlighting the unique qualities of Chinese culture, has been established. Building on Taiwan's particular characteristics and strengths, and employing Taiwan's advanced information and digital technologies, the virtual Taiwan Academy is a platform which combines the aims of promoting Mandarin Chinese teaching and traditional Chinese characters, encouraging Taiwan studies and Sinological research, and showcasing Taiwan's many cultures. It serves as an important medium for cultural interaction between Taiwan and the international community, as well as a platform via which the international community can learn more about Taiwan's overall development.

The immediacy and worldwide accessibility of the virtual Taiwan Academy showcases Taiwan's achievements in advanced software development, expertise in digital information development, and deep inner strength of its Chinese culture. The main themes of the virtual Taiwan Academy are Culture of Taiwan, Grants and Programs, Language Learning, and Taiwan Culture Toolkit. It combines Taiwan's rich and specialized databases with a web portal, providing access to these resources free of charge for people around the world interested in Chinese language and culture, and demonstrating the Republic of China's prowess in both technological and business endeavors.

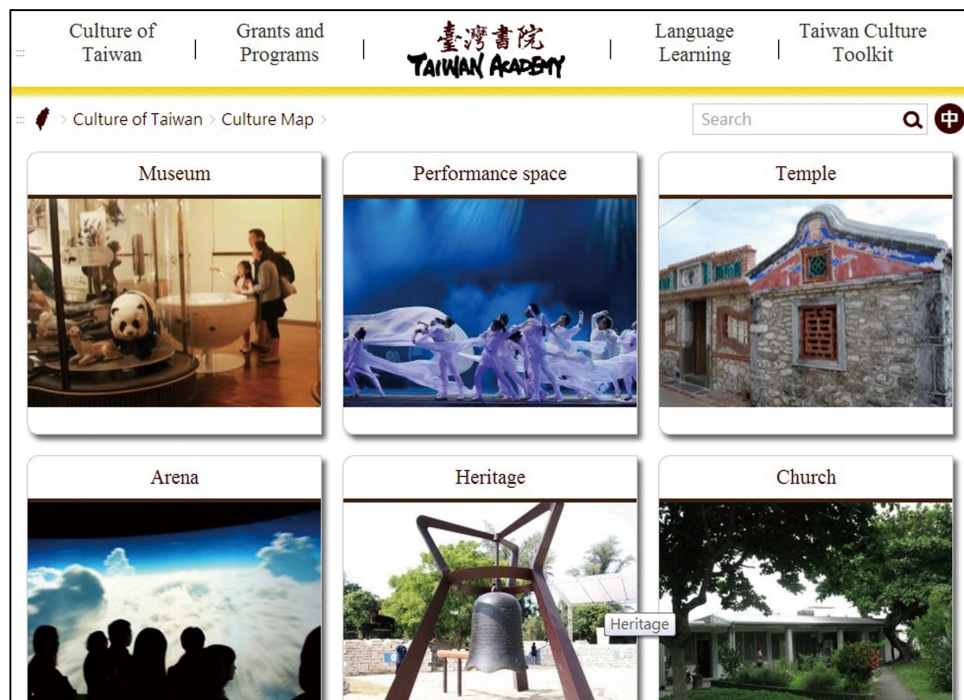

The Taiwan Academy aims to provide people around the world with access to

Taiwan's Chinese culture. With the help of advanced digital technologies, the Virtual Taiwan Academy offers an instant, interactive digital platform that people anywhere in the world can use. Such exchanges in culture and the humanities as this will hopefully help to bring about a new era of global peace and prosperity.

臺灣是華人文化重鎮，舉凡儒學、佛學、禪宗、文學、建築、工藝、傳統民俗等，均較其他華文地區得到更完整的保存與發揚，配合「臺灣書院」的設置，建構一個代表華人文化特色的「臺灣書院」資訊整合平臺，由臺灣既有的特色與優勢出發，運用臺灣先進的資訊及數位科技，整合華語文教學及正體字推廣、臺灣研究及漢學研究、臺灣多元文化等三大面向，作為臺灣文化與國際社會互動的重要媒介，成為國際社會認識我國綜合發展成就的平臺。

透過數位資訊整合平臺即時、無疆界的特性，展現我國先進軟體開發成果、數位資訊發展技術與中華文化深厚的底蘊，以「臺灣文化」、「獎助與合作計畫」、「華語學習」以及「臺灣文化工具箱」為主題，整合我國專業、豐富的數位資料庫、入口網站，一方面提供全球有興趣與需求的使用者，無距離且免費的使用平臺，一方面展現中華民國作為全球科技與商機創造者的實力。

「臺灣書院」以具臺灣特色的中華文化與世界交融為宗旨，結合先進數位科技，提供國際友人即時無疆界的數位體驗平臺，透過人文與文化的實際互動走入人群，以此，與國際社會互動與交流，期許共創和平共榮的國際新世紀。

National Central Library 國家圖書館

The government of the Republic of China has established the Taiwan Academy (<http://taiwanacademy.tw>) in order to promote worldwide interest in Taiwan's Chinese culture.

"Taiwan studies and Sinology research" has been regarded as one of the major collections by National Central Library (NCL). The Center for Chinese Studies (CCS) under the NCL was established in 1981. It offers diverse service, such as material collection, event reports, publication, research grant and academic activities. These services are highly appreciated by domestic and international Sinology experts. Its goal is right in harmony with which of Taiwan Academy, therefore, the CCS and NCL was assigned by Ministry of Education to promote the program of Taiwan Academy.

To coordinate the government's policy, the National Central Library (NCL) started to devote to the establishment of Taiwan Academy since 2011. To showcase Taiwan's achievements in Taiwan Studies and Sinology research, the NCL had set up Resource Points in New York, Los Angeles and Houston that provide important access to Taiwan's academic research, and introduces top human society publications produced by Taiwan's governmental and nongovernmental institutions. Meanwhile, the NCL established "Taiwan Resource Center for Chinese Studies" abroad and held "Taiwan Lectures on Chinese Studies" and exhibitions to promote an interest in Chinese culture with Taiwanese characteristics around the world.

中華民國政府為了要向世界推廣「具有臺灣特色的中華文化」，近年來開始在海外設置「臺灣書院」(Taiwan Academy <http://taiwanacademy.tw>)。

「臺灣研究及漢學研究」向為國家圖書館館藏重點，且其兼辦的漢學研究中心成立於民國 70 年，所提供的多元服務甚受各方重視，無論是對漢學研究之資料蒐集、動態報導、書刊編印、學人獎助及學術活動的舉辦，皆績效顯著，

普受國內外漢學界的肯定。恰與臺灣書院三大主題之一的「臺灣研究及漢學研究」相合，故教育部特責成本館漢學研究中心參與「臺灣書院」推動行列。

國家圖書館於民國 100 年開始積極配合政府政策，致力參與協助臺灣書院的建置，負責於美國紐約、休士頓、洛杉磯三處據點，建立實體「漢學書房」(Resource Point)，精選臺灣編印出版的優良人文社會類圖書於海外展示。同時並規劃於海外成立「臺灣漢學資源中心」(Taiwan Resource Center for Chinese Studies)，舉辦「臺灣漢學講座」(Taiwan Lectures on Chinese Studies)及古籍文獻展覽，運用長期向海外推廣漢學的經驗，向世界推廣「具有臺灣特色的中華文化」。

In line with the internationalization of Chinese studies and efforts by the Taiwanese government to promote "Chinese culture with Taiwanese characteristics," the National Central Library (NCL) began in 2012 to establish overseas Taiwan Resource Center for Chinese Studies (TRCCS) based on the library's publication exchange ties and three decades of academic interactions in the field of Chinese studies. Located at major universities and research institutes abroad, the center aims to promote international exchanges in Chinese studies, promote Taiwan's achievements in Sinology, collaboratively build a global Sinological resource and information platform and broaden and deepen cultural exchanges between the Chinese and Western worlds.

The TRCCS serves following specific functions:

1. Presenting Taiwan's achievements and academic resources in the field of Chinese studies

TRCCS partner organizations annually receive books, audio-visual materials and e-resources published in Taiwan. The NCL has also established an IP channel for partner organizations to search the digital resources of the library, the CCS and major institutes in Taiwan within copyright limits. In addition, the library provides a collection of links to other Sinological resources in Taiwan to further serve scholars and experts and expand research ability with win-win results.

2. Promoting international exchanges in Chinese studies

The TRCCS is established at prominent centers for Chinese studies and key universities with development potential. These partners are chosen to facilitate joint promotion of academic and professional exchanges supported by the research resources and influence of the collaborating organization. In addition, the NCL plans to jointly organize academic or cultural activities related to Chinese studies with partner organizations. The NCL will also add links on its website to overseas TRCCS branches and report related activities to further develop the role of the

centers as an interactive platform in the Chinese studies community.

3. Enhancing global cultural substance and inclusiveness

By the end of 2014, the NCL will have established 12 centers in the United States, Russia, the United Kingdom, Germany, Latvia, Malaysia, Vietnam, the Netherlands, Czech Republic, and Japan. In building up the Taiwan and Chinese studies resources at these centers, the NCL aims to jointly enrich local cultural substance with partner organizations. This collaborative process has also highlighted a strong interest in Chinese studies among non-Chinese communities. Even more encouraging has been the mutual appreciation and learning witnessed between different cultures and the significant progress it enables in replacing cultural conflict and opposition with reconciliation and peace.

配合漢學研究國際化以及政府向世界推廣「具有臺灣特色的中華文化」之施政方向，國家圖書館（以下簡稱國圖）在既有之出版品交換及 30 年的漢學研究學術交流基礎上，自民國 101 年起於海外設立「臺灣漢學資源中心」（Taiwan Resource Center for Chinese Studies，簡稱 TRCCS），選擇國外重點大學或研究機構設置，加強與各國漢學研究單位合作，推動海內外漢學學術交流，傳布臺灣漢學學術成果，共同建置全球漢學研究資源與訊息平臺，促進中西文化交流的廣度與深度。

「臺灣漢學資源中心」的設置將發揮以下幾項具體的功能：

1. 提供臺灣漢學研究成果及學術資源利用平臺

「臺灣漢學資源中心」的合作單位將可每年獲得臺灣出版的書刊，視聽資料及電子資源；在無著作權之疑慮下，國圖將以設定 IP 的方式提供合作單位查詢使用國圖及漢學研究中心建置的數位資源。國圖並將整理國內其他單位建置的漢學研究資源，供合作單位放置網站進行連結，服務學者專家，達到擴充學者研究能量，彼此互惠雙贏的目的。

2. 促進國內外漢學研究學術交流

設置 TRCCS 的合作單位皆是各國知名的漢學研究重鎮或深具發展潛力的重點大學，藉其學術研究資源及其影響力，共同推展學術及專業交流。國圖將與合作單位共同辦理有關漢學研究之學術或文化活動。並將於網站建立海外「臺灣漢學資源中心」之連結並報導相關活動。讓此中心扮演漢學界另一互動平臺。

3. 豐富世界文明內涵並提升文明之間的包容性

截至民國 103 年底，「臺灣漢學資源中心」已陸續設立於美國、俄羅斯、英國、德國、拉脫維亞、馬來西亞、越南、荷蘭、捷克、日本等國，共計 12 處。藉由充實 TRCCS 的臺灣與漢學研究資源，國圖與這些合作單位共同豐富當地的文明內涵。合作過程我們也看到這些非華人學術社群對於漢學研究展現極高的興趣，更令人感到鼓舞的是，似乎看到文明之間彼此的欣賞與學習，逐漸突破傳統的文明衝突、對立，朝向文明之間的調和與和平大步邁進。

Academia Sinica Digital Center 中央研究院數位文化中心

DigitalArchives.tw is a platform created to showcase the work of the Academia Sinica Digital Center. It gathers together over 100 websites and applications containing one million items created by the National Science Council's National Digital Archives Program (2002-2007) and Taiwan E-learning and Digital Archives Program (2008-2012), and aims to provide an interface for searching the contents of the nation's digital archives. The content of almost 100 of the nation's digital archives spanning more than ten academic fields can be accessed in a single window on the webpage and used not only to find resource materials for education and research and as a value-added catalogue for industrial applications, but also to provide a superb platform for browsing Taiwan's digital archives useful for academic research, educational development and business applications. Readers can approach the digital archives in four ways: Special Collections—explore selected archives; Guided Tour—browse the myriad items in the national archives; Experience—be the first to experience the latest archive technology; and Research Website Resources.

The owners and providers of the national program's digital content are research institutions. The archives of these participating institutions each contain all kinds of culturally and historically important artifacts and files, and each has its own special characteristics. The digital archives not only allow these relics to be preserved, but by widening access, can also popularize refined culture and enable it to be used in all kinds of products. Some important participating institutions are briefly introduced below:

<http://folklore.ncl.edu.tw/ncltwfsFront/>

[http://folklore.ncl.edu.tw/ncltwfsFront/ \(English\)](http://folklore.ncl.edu.tw/ncltwfsFront/)

National Central Library 國家圖書館

Contains books, periodicals, academic dissertations, audio-visual materials, individual documents, and academic conference papers relating to legends about Taiwan's places, people, historical events, customs, and supernatural phenomena.

Taiwan Studies over the Internet 臺灣研究網路化

<http://twstudy.iis.sinica.edu.tw/>

Academia Sinica 中央研究院

This website integrates Academia Sinica's Taiwan studies-related research to create a comprehensive search platform. Topics include culture, history, and nature and society, with each category containing websites with related research materials.

Taiwan Memory 臺灣記憶

http://memory.ncl.edu.tw/tm_new/index.htm

National Central Library 國家圖書館

From the 4 million plus volumes in National Central Library, various historic documents on Taiwan have been selected to build a digital system of "Taiwanese Memory" in order to properly preserve these historic memories of Taiwan, as well as share and reuse these materials by virtue of establishing a digital interpretation of information and objects. Furthermore, through using various Internet capabilities, it is hoped that the reading and research of Taiwanese historic documents can be expanded throughout both Taiwan and the world.

Taiwan Memory Digital Museum 臺灣視覺記憶數位博物館

<http://techart.tnua.edu.tw/twmemory/>

National Taipei University of the Arts and Academia Sinica
國立臺北藝術大學與中央研究院

Contains: Digital Photo Museum, Digital Museum of Masters of Folk Arts, and Digital Museum of Traditional Celebration. Items in the collection include old photographs, postcards, cartoons, maps, hand-painted pictures, drawings, and reproduction folk wares.

Taiwan Local Documents Image Database

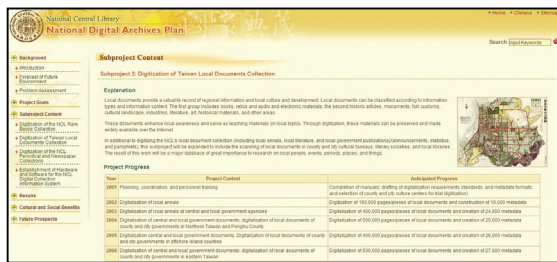

臺灣鄉土文獻影像資料庫

<http://localdap.ncl.edu.tw/>

<http://localdap.ncl.edu.tw/eng/> (English)

National Central Library 國家圖書館

Local documents provide a valuable record of regional information and local culture and development. Local documents can be classified according to information types and information content.

The first group includes books, relics and audio and electronic materials; the second historic articles, monuments, folk customs, cultural landscape, industries, literature, art, historical materials, and other areas. These documents enhance local awareness and serve as teaching

materials on local topics. Through digitization, these materials can be preserved and made widely available over the Internet. In addition to digitizing the NCL's local document collection (including local annals, local literature, and local government publications; Xannouncements, statistics, and pamphlets), this subproject will be expanded to include the scanning of local documents in county and city cultural bureaus, literary societies, and local libraries. The result of this work will be a major database of great importance to research on local people, events, periods, places, and things.
