

國立臺灣大學政治系與德國洪堡大學社會學系洽談雙聯學位之可行性。該計畫前景樂觀，合作細節仍在討論中。

## **Joint degree program envisaged between National Taiwan University and Humboldt-University Berlin**

駐德國代表處教育組

On July 8, 2013 Professor Su Hungdah of National Taiwan University visited Humboldt-University Berlin to explore and discuss closer linkage of the two prestigious universities including a possible joint degree program.

Prof. Su is Jean Monnet Chair Professor, Department of Political Science at NTU as well as Director General of the European Union Centre Taiwan. His visit to Berlin was coordinated by the educational division and Prof. Su was received at Humboldt-University by

Prof. Dr. Kämper-van den Boogaart, Vice-President for Academic and International Affairs

Dr. Ursula Hans, Director, International Office

Prof. Dr. Friedbert Rüb, Professor, Department of Social Sciences

Prof. Silvia von Steinsdorff, Professor, Department of Social Sciences

Dr. Claudia Matthes, Coordinator, International Master Programs

In regards to a joint degree program several issues need to be clarified. Would such a program work better for a Bachelor or a Master program? Which should be the language of instruction? Both university representatives agreed that the language of instruction should preferably be both the native language and English.

The meeting was very fruitful and both parties will continue to work on the project. The educational division will support this plan in all possible ways. Prof. Su was accompanied by the director of the educational division, Prof. Dr. Shen Cen-Chu, and secretary Sie Jheng-Bin.
