

Selection Session for Scholarships

駐德國代表處教育組

駐德國教育組和德國學術交流資訊中心（DAAD）一同甄選臺灣獎學金和華語講學金受獎人

In Germany, the selection process for the scholarships offered by the Ministry of Education to German students is conducted in cooperation between the educational division of the Taipei Representative Office and the German Academic Exchange Service.

The German Academic Exchange Service (DAAD) is the largest funding organisation in the world supporting the international exchange of students and scholars. It is a registered association and its members are German institutions of higher education and student bodies. Its budget is derived mainly from the federal funding for various ministries, primarily the German Federal Foreign Office, but also from the European Union and a number of enterprises, organisations and foreign governments.

The Selection Committee for the final decision is appointed by the DAAD Executive Committee on the basis of academic and regional factors. The Selection Committee members review the submitted applications, in general, and then judge. The applicant's academic qualifications and personal suitability are the decisive factors in all scholarship award decisions.

Prof. Dr. Cen-Chu Shen, head of the educational division, participated in the selection session for the scholarship awards for the academic year 2014/15 which took place in the beginning of December 2013. The German applicants were from various renowned universities across Germany and Switzerland and from various fields of study, such as ethno music, business administration, geo physics, biology, fine arts, Chinese studies. The applicants for a Taiwan Scholarship or Huayu Enrichment Scholarship proved to be highly qualified and motivated students and performed well in the interview situation. Thus, promising young future academics will go to Taiwan to continue their studies and promote exchange.
